

GIRL, 18 DIES IN ACCIDENT

A eighteen year old girl is dead and six persons hospitalized as a result of an accident involving four cars and a truck near Drayton Valley late Saturday afternoon.

Dead is Linda Millar of Wainwright who suffered a fractured skull in the accident that occurred at 5:30 p.m. Saturday on Highway 57, two miles north of Drayton Valley.

The dead girl and all those injured were passengers in a car driven by Mrs. Connie Doliuk, 27 of 9540-153rd St. Edmonton. In serious condition in the Royal Alexandra Hospital in Edmonton suffering multiple injuries are Mrs. Doliuk, Mike Scherger, 20 of Wainwright, Mrs. Mollie Christensen, 51, of Calgary and Wayne Popadynetz, 12, of Edmonton.

The husbands of the two women, John Doliuk, 38, and Walter Christensen, 60, were less seriously injured and were hospitalized in Drayton Valley.

The Doliuk car was proceeding south on Highway 57 and overtook a string of three cars travelling very slowly in the same direction. The Doliuk vehicle struck the rear car of the three, driven by Jerry Ermamtrout of Wainwright and swerved into the north bound lane where it was hit by a tank truck driven by Frank Andrews of Drayton Valley.

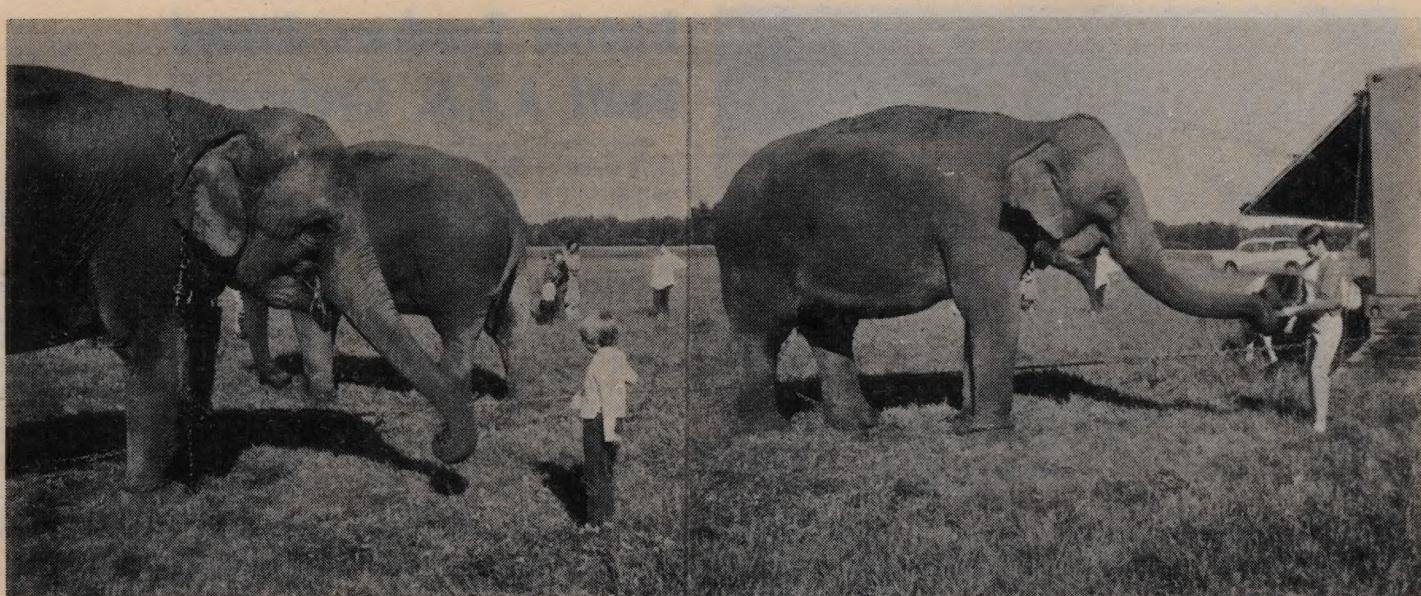

The truck hit the Doliuk car at the door post on the driver's side and sheared it diagonally across to the right rear wheel. After the impact the tank truck went into the ditch on the east side of the road and overturned.

The Doliuk car, after the collision with the truck, changed direction and hit the rear of a car driven by Roy Teeter of Violet Grove and drove the Teeter car into another car driven by Mrs. Caroline Scherger of Edgerton.

Occupants of other cars involved escaped injury and the driver of the truck, Frank Andrews, and his son, David, a passenger in the truck, escaped with lacerations.

New Store to Open Thursday

Official opening of the new Drayton Valley I.G.A. will take place at 9:00 a.m. Thursday, August 29th. Acting Mayor Dr. Henry Shimbashi will take part in the opening ceremony.

Circus Elephants Attract Youngsters

The elephant herd was a major attraction for early risers on hand Saturday morning for the arrival and setting up of the big Carson and Barnes Wild Animal Circus. The little girl at the left is just a bit

uncertain about anything that big while Willa Munroe, 12, at the right, provides a little breakfast snack for one of the big fellows.

I.D. Residents Seek Self-Government

Ratepayers of the three divisions of L.I.D. 77 turned out in good numbers during the past few days at area meetings where they endorsed a proposal to seek self-government as an alternative to annexation proposals by the M.D. of Stony Plain and the County of Leduc.

One hundred and fifty persons were present for the first meeting in Division One at Rocky Rapids last week. This was followed by over seventy at the Violet Grove meeting last Thursday and eighty at Moon Lake Monday of this week.

At each meeting a unanimous vote was recorded in favor of self government rather than annexation by either of the neighboring municipalities.

Members of the L.I.D. Advisory Committee, Frank Hoge of Violet Grove, Ralph Tufty of Moon Lake, and Maurice McCullagh of Rocky Rapids were present at all meetings to explain what has taken place since the annexation bids were presented.

The possibility of retaining L.I.D. status was introduced at several times in the course of the meetings but was considered a negative approach by those attending and was turned down in favor of the request for self-government.

Committees to help the

Advisory Board were named in each community and work will go ahead immediately in preparing a brief for presentation at the next hearing by the Department of Municipal Affairs. The next meeting is expected in two months time and the presentation must be advertised one month ahead of the meeting leaving the committee with a period of about thirty days to prepare a brief.

All meetings also voted in favor of retaining legal advice on behalf of the L.D.

Members of the committee elected at Rocky Rapids were Henry Deby, Adrien Meier, Rene Belva, William Dusterhoff and Ken MacKenzie. Violet Grove representatives are Ed Hines, Cliff Whitelock and Billy Dunnington and elected at Moon Lake were Leo Jenson, Norman Johnson, Fred Cherrington and George Moroz.

GYMKHANA POSTPONED

Public Meeting to Discuss Health Unit

A public meeting has been called for Thursday, August 29 at 2:00 p.m., in the Edson Health Unit Office for the purpose of discussing proposed changes in the Public Health system regarding Bill 87.

Bill 87 would provide for the condensing of the present 25 Health Units in Alberta into nine Health Regions. The regional medical staff would be appointed by the government instead of being hired by the local Boards of Health, as is presently done under the Health Unit Act.

It is expected the new Bill will result in slightly lower taxes as the mill rate would be set annually at a rate of not more than two mills.

Each municipality would pay into a Health Regions Fund which would provide the finances for the Health Region.

It would be of considerable interest to the general public to attend this meeting which will, in all probability be a forerunner in the public health scene of the province.

Tournament This Weekend

The Northern Alberta Little Canadian Baseball tournament will be held at Breton over the Labor Day weekend.

Teams from Edmonton, Ponoka, St. Albert and the Pembina Oilfield League will be playing in the round robin knock out. Little Canadian League takes in boys under 12 years of age.

Lead off game is scheduled for noon Sunday, September 1st and the first game Monday, September 2nd, will go at 11:00 a.m.

A barbecue for players and managers will be held at Pigeon Lake Sunday evening.

MAIN STREET

Shown here is the heavily damaged car in which eighteen year old Linda Millar of Wainwright lost her life in an accident on Highway 57 near Drayton Valley Saturday afternoon.

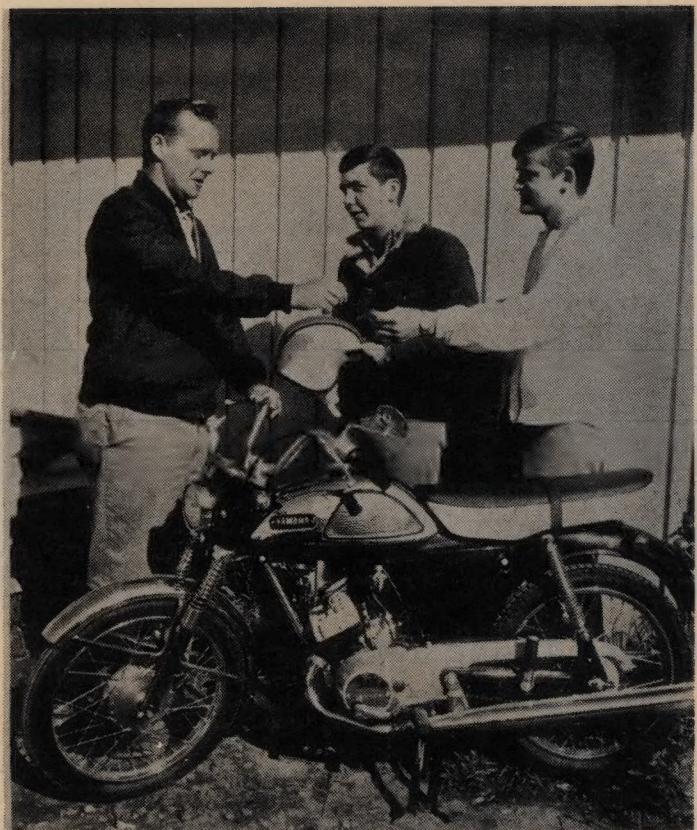

Carson and Barnes Circus arrived at daybreak Saturday, August 24th and after two performances was on its way to the next show date before dawn Sunday.

Grounds visitors early Saturday morning were treated to the spectacle of elephant power in use erecting the tent city and on at least one occasion moving a truck that had bogged down.

The circus, billed as America's 2nd largest, is now in its 68th annual nation wide tour of Canada and the United States. The circus visited here two years ago and would not normally return for another two years. The show alternates between east and west, year about.

After leaving Alberta the show moves into the western states where advance men have already scheduled show dates between here and Sheridan, Wyoming.

District Teachers Attend Banff A.T.A. Conference

Two district teachers devoted a week of their summer vacation to the improvement of their professional skills, and to the upgrading of the efficiency of their ATA local. As delegates to the 20th annual Banff Conference of the ATA, they attended one of four sessions held at the Banff School of Fine Arts during the week of August 12th.

Four general courses were offered, along with two special seminars. One committee was also engaged in long-range planning on Association services. Those attending were Mrs. P. Greschuk and Barry Richer from Drayton Valley.

The largest section consisting of delegates from 73 of the ATA's locals was the Leadership course. The course was designed to improve the local programs in inservice education for the membership, and to discuss and clarify the role of the provincial organization in relationship to the 19,000 members across the province. It offered a capsule look at the total operation of the provincial ATA.

Under way at the same time was a specialized course in professional development that examined the techniques of updating the programs of locals necessary if teachers are to keep abreast of the rapid changes in education theory and practice.

The teacher welfare course gave local delegates a look at the Alberta economy, and discussed the techniques of collective bargaining by which teachers set their living and working conditions.

A course in communications was offered this year, designed to give locals assistance in working with the news media, and dealing with the tech-

niques of public relations, both internal and external. One special committee on long-range planning on Association services worked through the week at Banff.

A. M. (Bud) Arbeau, ATA president, addressed the opening session of the conference Sunday evening, August 11th. "This 20th annual Banff Conference marks the on-going efforts being made by the ATA to improve and adapt itself to a rapidly changing social structure," he said. "Only by doing this can we continue to offer the best service to the children under our charge."

BURTONSVILLE NEWS

MRS. A. HOMME,
Correspondent

Roy Raymond of Edmonton with his wife Ellen was in this area on Sunday. Roy went to school here as a boy and enjoyed looking over familiar places.

Mary Tattersall had her two grandsons Dean and Tony Terrabain of Edmonton visiting her for a week.

Don and Eileen Elmore of Fort McMurray have announced the arrival of their first baby, Dale Emerson.

Miss Phyllis Babcock R.N. of Winnipeg visited her sister and brother-in-law, Marge and Eldon Greanya and family here recently.

Mrs. Robert Lehman is home from the hospital and reports she is feeling better.

While Mr. and Mrs. Axel Homme were visiting at St. Francis with their daughter, Bernice and son-in-law, Albert Osbak, Albert

took them to the Lindale district where they met old timers and friends they had not seen for over 35 years. The men Axel worked with on the river drives in the early days were Julius LaChance and Rhoda, his wife, the former Rhoda Wilcox, Alex LaChance and Mamie, his wife, the former Mamie Durett. They also visited Norman and Mary Holmgren, Gorden and Beth Holmgren, and their family. Mrs. Beatrice Cropley of Edmonton was visiting there and many old time memories were brought to light. They also called on Bill Shepton's farm but sorry to learn Bill was in the hospital. Hope you are home again Bill.

They also spent one day visiting through Thorsby and Warburg. They had a very enjoyable visit, thanks to all concerned. They also visited Earl and Marie Jones of Calmar and had a short visit with their daughter Sarah and her daughter Lyla.

On the way home they saw the new Calgary power plant being built at Sundance.

Rev. and Mrs. Bert Larwell and their daughter Sheila of Sask. visited this area last week.

Mr. Bill McKay from B.C. is visiting in this area.

Edward Tattersall has been doing some bulldozing for his brother David.

EDITORIAL COMMENT

What Problems Will Annexation Solve?

Residents of L.I.D. 77 are definitely interested in the future of their area as attested by the number who turned out for meetings in the three divisions during the past few days. The idea of being swallowed up by a neighboring municipality appears unpalatable to most of them who supported a proposal to seek self-government as an alternative to the annexation bids of neighbors.

We believe an expression by I.D. residents of their views was urgently needed at this time. Approval by the provincial government for the annexation of a passive, indifferent area is much easier than approving a similar take-over of a region that is alert and ready with its own proposals.

The provincial government, we believe, should be (and likely is) taking a good look at boundaries of administration throughout the province. Existing counties and municipalities that stretch for miles and miles in a narrow band appear to be anything but functional from an administrative point of view and we can see little value in adding any more length to those already in existence. It seems that if boundaries are to be shuffled again an attempt should be made to improve the overall situation rather than create new extensions that only postpone the problem.

Thousands Need Your Concern . . .

It is no secret that Canadians are concerned about the plight of the unfortunate victims of the Nigerian war.

They have expressed their interest in letters to the newspapers of this nation and have talked with neighbors and friends about the unbelievable situation that faces millions of men, women and children who are haunted by death, starvation and disease.

Every day thousands of children may die unless help is on its way soon. Unfortunately, there has been conflict about the delivery of relief supplies and only a trickle has got through.

Canada's conscience now has an opportunity to do something for those unfortunate people of Nigeria/Biafra and every citizen has an opportunity to participate.

The Nigeria/Biafra Relief Fund of Canada has been organized by representatives of the Canadian Catholic Organization for Development and Peace, the Canadian Council of Churches, the Canadian Red Cross Society, the Canadian Save the Children Fund, the Canadian UNICEF Committee and OXFAM of Canada.

The time to help is now! Donors may give their dollars - and we hope they give generously - at their church, through the participating voluntary agencies or at any chartered bank.

Canadian Bulls Gain Reputation Abroad

OTTAWA - Canadian bulls are earning international reputations in more than a dozen countries without leaving the comforts of their barns.

Figures released this month by the Livestock Division of the Canada Department of Agriculture show that 58,197 vials of semen from Canadian bulls were shipped in 1967 to England, France, West Germany, Brazil, Italy, Switzerland, Bermuda, Jamaica, Trinidad, Mexico, South America and United States.

Frozen semen exports have been climbing steadily because farmers find it much easier to buy a vial of frozen semen than to ship a one-ton bull half-way around the world.

Holstein dairy bulls accounted for more than half of the total exports (31,295 vials). Other major exports were for Hereford (10,289 vials), and Charolais (8,306 vials) beef bulls.

Artificial insemination continues to be popular on Canadian farms, topping the 1,000,000 services (cows bred) mark for the second year in a row. This compares with 631,668 services reported 10 years ago.

Artificial insemination units are keeping more dairy bulls. About half of these bulls are seeing only limited service while farmers test their offspring to discover how effective these sires are at improving herds. The bulls that have already earned reputations as the best sires were used heavily.

One of these Holstein bulls, Lassie Leader, owned by East-

ern Breeders Inc. of Kemptville, Ontario, was used to breed 28,326 cows last year. Eight other bulls, all of them Holsteins, surpassed the 8,000 cow mark.

There has also been a dramatic increase in the use of frozen semen - from 67 per cent of the total artificial inseminations in 1966 to 82.5 per cent last year.

Ontario farmers continue to make the most extensive use of artificial insemination with 528,936 services reported in 41,000 herds.

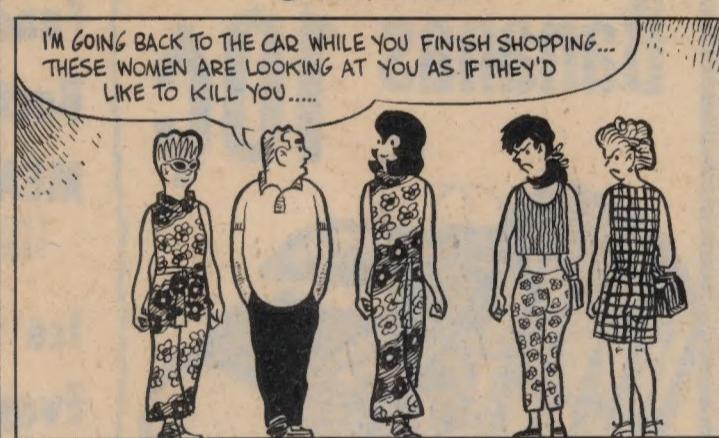

Balloting Dates are Rescheduled

The Agricultural Products Marketing Council last week announced rescheduled dates for balloting for an Egg and Fowl Marketing Board and registration for a Hog Marketing Board.

Plans and ballots for an Egg and Fowl Marketing Board will be mailed to registered egg producers by September 3rd and must be returned to the marketing council by 4:30 p.m. on September 16th.

Registration forms will be mailed to all hog producers by August 19th. Completed forms must be received by the marketing council September 9th at 4:30 p.m. Hog producers who do not receive registration forms in the mail may obtain them from their district agriculturist.

IGA STORE OPENING THURSDAY

DALE GAEHRING
Store Manager

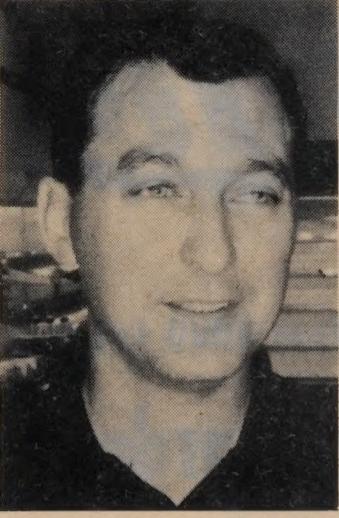

The newest member of the Drayton Valley business community, the I.G.A. Store, will open officially at 9:00 a.m. Thursday, August 29th. Acting Mayor Dr. Henry Shimabashi will perform the opening ceremony.

The new store was completed recently on the main street lot west of the Royal Bank. During the past few days workmen have been busy putting the finishing touches to the store's interior for opening day.

Also busy preparing for the opening are Mr. Dale Gaehring, Manager, and members of the staff who have been unloading stock and preparing displays.

Assistant Manager of the store is Mr. Martin Protsack and the meat manager Mr. Bob Thompson. Mr. Gaehring who moved here recently from Red Deer, says he is pleased with the progress of the store and with the community where he has chosen to live. He is looking forward to pleasant associations with residents of the town and district.

As an opening day feature the store will present orchids to the first 2,000 ladies to visit the store. Draws will also be made for a free hind of beef and free daily grocery hampers. CFRN TV Bingo cards are also available to shoppers.

United Church Setting For Recent Ceremony

The Drayton Valley United Church was the scene of a lovely wedding Saturday, August 3, 1968 at 1:00 p.m. when Miss Roseann Zaniewicz, daughter of Mr. and Mrs. Walter Zaniewicz of Tomahawk, Alberta was united in marriage to Kenneth Gerald Case, son of Mr. and Mrs. Roy Case of Sault Ste. Marie, Ontario. The church was decorated with snap dragons and gladioli for the occasion. Rev. Z. Martin officiated with the wedding music played by Mrs. H. Pickup.

Given in marriage by her father, the bride wore a floor-length gown of satin and lace which featured a sequined bodice, wrist length sleeves and long flowing train of nylon and lace, her veil was held in place by a rhinestone tiara. The bride carried a bouquet of red roses with rose buds on streamers and wore a pearl necklace, a gift from the groom.

Attending the bride were Miss Marilyn Gully of Vancouver, B.C., cousin of the bride, as maid of honor; and Misses Elsie Ostopchuk of Edmonton, cousin of the bride and Teresa Tattersall of Burtonsburg as bridesmaids. The attendants wore identical floor-length gowns of pink satin complimented by head-pieces of pink roses and veiling, white shoes and gloves and double strand pearl necklaces, gifts of the bride. They carried bouquets of apple blossoms.

Mr. Tom O'Hearn of Tomahawk; Stan Zaniewicz brother of the bride and Dave Belland of Edmonton were best men; Ushers were Bill Handzuik and Chip Warwaruk.

For her daughter's wedding Mrs. Zaniewicz wore a pink satin brocade coat-dress, pink hat, white accessories and pink roses en corsage. The groom's mother wore a white nylon knit dress printed with pink roses, white accessories and corsage of pink roses.

The wedding reception was held in the Tomahawk community hall. Centering the bride's table was a three-tiered cake decorated with white doves and rose buds by Mrs. Warwaruk. Mr. Stanly Piskunowicz was master of

ceremonies and Mrs. Doris MacDougall of Keephills sang a solo. A dance followed the reception with J. Kusnok and his band supplying the music.

For their honeymoon to Hastings Lake, the bride chose a canary-yellow nylon knit suit and white accessories.

The newlyweds will make their home in Edmonton.

Out-of-town guests included the groom's mother, Mrs. Roy Case, Sault Ste. Marie, Ontario; Mr. and Mrs. Stanly Enjeneski, Tripoli, Libya, aunt and uncle of the bride; Mr. and Mrs. Bill Gully, Vancouver, B.C., aunt and uncle of the bride; Mr. and Mrs. Ole Quam, Winfield; Mr. and Mrs. John Chechotko, Morris, Manitoba; Mrs. Sofia Handzuik of Edmonton, grandmother of the bride; and many friends and relatives from Edmonton and surrounding area.

KEEPHILLS NEWS

MRS. G. RAYMOND,
Correspondent

Much rain is hampering the road work being done on the Highvale-Duffield road.

Mr. and Mrs. Lindsay Porter and Mr. and Mrs. Rob Porter left for B.C. last week to attend a wedding of a relative. Mrs. Dalton is staying with the children.

Della and Edward Tattersall enjoyed an afternoon with friends at Alberta Beach on Sunday.

Garry Pick has been home with his parents for a few weeks.

Mrs. Evelyn Morger enjoyed a week holidaying in B.C.

Mel and Ila Edge had Mel's brother Roger and his mother, Mrs. L. Edge from Didsbury over last week-end. Michael returned with his grandmother and uncle for a visit before school starts. Melodie returned home after 3 weeks at Calgary and Didsbury.

The trailer that houses the automatic equipment for the telephone system was brought in here on Monday of last week.

LIBRARY NEWS

The library will resume its regular schedule on Tuesday, Sept. 3.

This is: Tuesday and Friday 3 to 5 and 7 to 9 with noon hours on both days for the convenience of bus children only.

Inventory shows that the following books are missing from the shelves.
The Great Chief by Kerry Wood.
Wild Folks in the Mountains by Carroll Lane Fenton.
The Phantom Roan by Stephen Holt.
Kit Carson by Nardi Reeder Campion.
A Place of Many Winds by Margaret Sharcott.
You Funny Little Noddy by Enid Blyton.
Buzztail - the Story of a Rattlesnake by Robert McClung.
Mother Goose and Nursery Rhymes by Philip Reed.
P.T. Barnum by Lynn Groh.
If you have one of these wanderers on your book shelves we should greatly appreciate having it back.

Greatest grain getter- ever!

Massey-Ferguson
MF 510

**The recognized leader among giant
combines... now with these major
improvements to challenge your
biggest combining jobs:**

- New Triple Screen Cascade Shoe is the first breakthrough in shoe design since invention of the threshing machine. Three screens are used instead of the usual two to prevent matting of material. A 25% larger cleaning area greatly increases grain cleaning ability.
- New "Returns Cylinder" is a genuine rasp bar cylinder like the main cylinder; it threshes over 90% of the returns. This independent processing of returns in a separate cylinder allows the main cylinder to always be set for optimum speed and concave clearance.
- New Front Beater feeds material smoothly and evenly into the cylinder. Beater also deflects stones into a New, Extra Large Stone Trap to prevent damage.
- New Quick-Attach puts you in the field faster—you can switch from corn head to bean table or back again in five minutes!

The MF 510 has thorough threshing capability that gets more grain whether harvesting conditions are good or bad. Cutting, separating, and cleaning are done with remarkable efficiency and speed—even in thick stands, in down crops. You have from-the-driver's seat control over virtually all adjustments. Table sizes up to 24-foot. Huge 85 bu. grain bin (or 125 bu. with optional extensions). Optional Hydrostatic transmission.

Everything about this magnificent self-propelled combine is dedicated to keeping it in the field... working full time and at full speed... with minimum stops for servicing. If you're looking for the ultimate in combine performance, look no further than Massey-Ferguson's MF 510. Come in soon and let us show you the newest and biggest advances in combining.

Jeff Wardlow Wins Tennis Tournament

The smallest player wins. Jeff Wardlow, the smallest player entered in last week's tennis tournament, emerged as the winner of the High School Division. Glenn Swanlund who was first last week dropped down to third position (consolation).

In the Junior Division, Craig Fetherstone was never really challenged as he won easily over runner-up Lindsay Herbert. Reg Madsen took consolation in this division.

The final tennis tournament will be held Saturday, August 31st, morning and afternoon. The juniors start at 9:30 a.m. with the High School going at 1:00 p.m. Trophies will be awarded to the winners of each division.

Registration deadline is Friday of this week. (no pre-game entries will be accepted)

THE HOME TEAM

"Bye, bye, dears. Be gentlemen, mind your manners and murder the bums!"

RAMONA

MRS. JEAN STEWART
Correspondent

Congratulations and welcome to the community to Mr. and Mrs. Bill Disney (nee Miss Christine Scherer) who were married in Drayton Valley on Saturday, August 24th.

Dorothy Blake made a fast trip to Robinhood, Sask. last week to take her mother and niece back home. They went by bus to Vermilion to Dorothy's sister then on to Robinhood by car.

Judy Vignal and Roberta Wylie were visitors at the Stewart home on the weekend. The Vignal and Wylie children left on Tuesday, August 27, for Langley, B.C. to get ready for school next week. We hope you had a good trip home kids.

Ian and Terry Blake and Colleen Stewart took swimming lessons for the last two weeks and they all passed their tests on Friday. Congratulations Ian, Terry and Colleen.

Beatrice Swap is in hospital in Edmonton. We hope you're home again soon Beatrice.

The Tony Blatkewicz family are leaving Friday for the long weekend at Jasper. Have a nice holiday folks.

The Rasmussen family are proud owners of a brand new 1968 Plymouth car. We're

looking forward to a ride in it. Congratulations Ramona and Earl.

Chrissie Stewart spent last week at her Grandma Smith's at Entwistle.

Gordon Kelly, Ken, Donnie and Allen Stewart rode their horses out east and south of Cynthia last week. They left Thursday and came back Saturday night, camping out two nights. By Saturday night they weren't too sure they wanted to be cowboys.

Happy Birthday to Tania Lysak Aug. 24; Jenny Marie Brisebois Aug. 26, Steve Yurchuk Aug. 27, Linda Blatkewicz Aug. 28, Beatrice Swap and Joe Blatkewicz Aug. 30.

David Kmyta of Edmonton is spending two weeks out here with Grandma Kmyta and her Aunt Marion and Uncles Philip, Duane, David and Bobbie.

Congratulations to Marion Kmyta. Marion took her driving test Monday and passed the first try.

Lindale 4-H Swine Club Holds Achievement Day, Banquet

The Lindale 4-H Swine Club Achievement Day was held on Saturday, August 24th and ended with banquet and sock hop in the Lindale School during the evening.

Principal speaker for the evening was Mr. Lyle McNichol, Associate Supervisor of the 4-H Branch, Alberta Department of Youth. Mr. McNichol was introduced by Miss Lynne Martin who MCed the program.

Mr. McNichol spoke on the topic "4-H and You" and outlined the aims and objectives of 4-H and its past accomplishments. He commended the Lindale club for its projects which included a cemetery clean-up and a gate sign program throughout the district.

Great changes are ahead in agriculture, he said, and probably only about one in ten farm young people are likely to remain on farms of the future. 4-H, he said, is building the requirements of young people who will be leaving home to make their living in the cities by fostering their personal confidence and ability.

He called upon parents to meet their obligations to youngsters by attempting to encourage interest and make 4-H activities available to their children if at all possible.

Although there are now 530 4-H Clubs in Alberta, the Lindale Club is one of only two purely swine Clubs in the province. Multi-purpose clubs also cover swine activities but of the 530 clubs almost half are devoted to beef cattle.

Mr. McNichol noted that 9,000 Alberta young people are enrolled in clubs throughout the province.

Mr. McNichol was thanked for his address by Dennis Martin, a senior member of the club.

Miss Lynne Martin did considerable travelling this past summer and briefly described her trips to the Club Week at Vermilion, Exhibition Camp at Edmonton, and the Conservation Camp at James River.

Mr. McNichol also judged the animals displayed earlier in the day and remarked that the quality of swine on show was very good with several excellent gilts raised by the club members.

Trophies and awards were presented to winners by Club Leader Tom Martin and Assistant Leaders Mrs. Ingrid Martin and Jim Robb.

The 4-H members, their parents and guests enjoyed a delicious turkey and ham supper prepared and served by the ladies of the Warburg Legion Auxiliary and ended the evening with dancing in the school auditorium.

Construction Progressing

Honourable Gordon E. Taylor, Alberta Minister of Highways, announces that the Highway Construction Program in the Province is more than half completed and that progress is grading contracts is ahead of last year.

134 miles of new grading have been completed this year which is 65% of the program: 207 miles are sched-

Award winners at the Lindale 4-H Swine Club banquet shown are: Front row, left to right, Joe Van De Castle, Shann Bowen, winner of the junior gilt championship in Saturday's Achievement Day and Heather Robb. Back row, left to right, Dennis Martin and Doug Holmgren.

Lindale Swine Club winners shown in the second photo are: Front row, left to right, Leslie Horsman, winner of the senior gilt championship and Lynne Martin, winner of the sow and litter competition. Back row, left to right, Blair Thatcher and Randy Robb.

Lyle McNichol (left) Associate Supervisor of the 4-H Branch, Alberta Department of Youth is shown here with Lindale 4-H Swine Club Leader Tom Martin (centre) and Assistant Leaders Mrs. Ingrid Martin and Jim Robb.

uled. At the same time last year, 46% of the program was completed but it was a heavier program involving 312 miles.

53% of the base course mileage have been completed or 101 miles; last year 55% was completed at this time.

57% of the asphaltic plant mix surfacing or 162 miles have completed this year;

last year 64% of the scheduled mileage was completed on the same date.

272 miles of seal coating have been completed which is 93% of the program which compares favourably with 92% of the 1967 program completed at the same date.

For results try the Want-Ads.

Summary of 4-H Summer Activities

Zane Bruner, Reporter

The July meeting of the Pembina 4-H Field Crops Club and the Lobstick 4-H Beef Club took place on June 29th in order to get things ready for the beef achievement day on July 2nd.

At the achievement day held in Drayton Valley, the following were winners in the club competition: Champion, Larry Rosadiuk; Reserve Champion, Shirley Hutchinson. Best first year calf was won by Shirley Hutchinson and Showmanship by Kenny Mazzeppa. The club calf to show the most gain was owned by Mark Gerrard.

The club members went on a tour of interesting places in Edmonton. They went with the members of the Entwistle Clothing Club.

The members, along with the members of the sewing club, built a float to show in the parade in Edmonton. The float won first prize in its class.

Natalka Myschuk of the Field Crops Club went to Vermilion for club week. Danny Szutak went to club week as a member of the beef club. Shirley Hutchinson and Larry Rosadiuk both went to Olds for eliminations and Shirley won

a trip to Montana while Larry won a trip to Toronto.

At the August meeting, held on the 10th, the members who had been to club week and eliminations week all reported on their activities. Byron Brown reported on his trip to the Youth Seminar week in Edmonton. Byron is a member of the Field Crops club.

At this meeting it was decided to build a thematic display for the Wildwood and District fair and the date was set for the plot tour for the field crops. The plot tour will be held on August 26th. Plans were also started for the achievement day and banquet to be held sometime this fall.

CDA's Health of Animals Branch inspected 788 whales slaughtered and processed in 1967.

DIVISION OF CROWN ZELLERBACH CANADA LIMITED

The Swanee Well Servicing parade entry is shown above. Driver of the mule team is Fred Fraser of Gainford. The Molson's entry is shown below.

There's a shiny Chev. one
and a half ton pick-up truck
that spends most of the year
sitting beside Molson's Edmonton
Brewery Ltd. retail store.

Mind you, it's in top notch
condition. Spotted in the
country the pick-up was pur-
chased by Molson's and re-
built from the bottom up.
Any part that showed the
least sign of wear was replac-
ed. A chrome radiator was
installed and the truck flat
was rebuilt of solid oak.

A few Antique Club addicts
swear the pick-up is a 1927.
Molson's has the government
registration of the truck and

it is dated 1924. Jack Lang,
host of Molson's Edmonton
House, says "It has two wheel
brakes, and I'm sure four
wheel brakes didn't come in
till 1926."

The one and a half ton has
become part of parades all
over Alberta. Loaned out for
publicity purposes to non-
profitable organizations it's
an eye-stopper and argument-
starter wherever it appears.
The truck took part in the
big rodeo parade held in
Drayton Valley on August 17
where it attracted a lot of
attention as one of the many
fine entries.

Recreation Round-Up

By
Mike Gormley

FOOTBALL SEASON

With the shortening days and that first hint of crisp autumn air our athletic program has turned from the diamond to the gridiron. The Drayton Valley football program will soon be in full swing. Once again the sport, frequently referred to as "Autumn Madness" will be played at three levels on the local scene.

The Frank Maddock High School Spartans under head coach, Paul Bradley have started their regular training program in preparation for the coming season. The Spartans started working out last week and expect to go into high gear in their preparatory work after Sept. 1. Mr. Bradley and his assistants, Tim Hutton, Ron Hemmingsway and Mike Clark expect that about forty boys will try out for the team.

The Spartans will be operating under a new and streamlined system on the field this year, one which should produce some very exciting football throughout the season. The local high school team will not be in league competition this year, but will play an exhibition schedule with teams from Stettler, Wetaskiwin, Camrose and other centers in this part of the province.

At the Bantam level, Bill Disney's Packers will be in there battling in the Edmonton City Bantam Football League sponsored by the Edmonton Huskie Athletic Association. The Packers will start practice sessions this week with their opening league game a mere ten days away on Sept. 8, at the Kinsman Park in Edmonton.

There is some real keen interest at this level of football here this year and we look for a vast improvement over last year's rather dismal showing in the league. Several of last year's players will be back and many new faces will appear, most of whom have played in the Drayton Valley PeeWee League during the first couple of years.

A new breed of football will be played here this autumn. It will be known as "Little Canadian" football and will be open for boys from ten to twelve years of age. The size of the field (80 x 40 yards) and the rules and regulations of the official Canadian game have been modified to meet the requirements of the age group involved. It is hoped that this type of football will be a vast improvement over the PeeWee program run quite successfully here during past years.

In "Little Canadian" we may have three teams in a community league if enough boys register. Otherwise we will have to settle for a two team league. The Eskimos and the Stampeders will definitely be in there and a third team will be added if at all possible.

At this time we would like to send out a request for coaches at this level. Presently our quota is nil and we should have at least six coaches for this level. So if you are interested in coaching "Little Canadian" football please contact the recreation office at 542-3327. Your services are urgently needed in this regard.

All practice sessions and all games for all teams and leagues will be held at the Lions West Valley Recreation Park. Practice for "Little Canadian" players will start on Thursday,

August 28 at 5:00 p.m.

RECREATION BOARD MEETING

The next regular monthly meeting of the Drayton Valley Recreation Board will be held in the Recreation Office on Monday, September 9, 1968 at 8:00 p.m.

No meeting was held in

August because of the vacation period when a majority of the Board members were away on holidays.

Sharon Phelan, the Chief Lifeguard at the Drayton Valley swimming pool resigned from her position on the pool staff this week in order to take up a teaching position in a Montreal high school. Miss Phelan has been with us for the past four years, both in 1967 and this year in the capacity of Chief Lifeguard. Sharon did a most creditable job in directing the local swimming program and she certainly will be missed at the Drayton Valley pool by one and all. Our best wishes go with her in her new position. Linda Morris will assume the responsibilities of Chief Lifeguard for the remainder of this season.

Another oddity of the vegetable world is shown here by Mrs. William Robinson who unearthed an underground potato plant while digging a hill of conventional spuds. Growing under the hill, beneath a layer of earth, was another small potato plant complete with leaves, stems and tubers.

Rodeo Grounds to be Improved by Lions Club

New rodeo grounds needed? The Lions Club of Drayton Valley says "yes", but we need the support and help of everybody.

Plans are well underway for the construction of new rodeo facilities plus adequate grandstands in the West Valley Park, to be ready for the rodeo next year. In a few weeks the Lions plan to give you more details about the entire project. The local Lions have already started the groundwork for construction. In order to raise funds to continue construction, the Lions Club will hold another cash bingo on Friday, September 20, at 8:30 p.m. in the

Centennial Civic Centre. The support of people from Drayton Valley and area will help greatly with the rodeo grounds improvements.

WARBURG NEWS

BEN CROHN
Correspondent.

Mr. and Mrs. Bill Jones of Wales have been visiting their son Bob during the past week. While in North America they have travelled extensively in Canada and the United States.

Mr. and Mrs. Harold Cantelon and Brent left recently on a trip to central British Columbia.

Lawrence Kwiatkowski and family have gone for a vacation to Manitoba.

Mrs. Eva Bray is accompanying her sister Evelyn from Edmonton, on a trip to visit relatives in British Columbia.

Mr. and Mrs. Stan Rougust returned recently from holidaying. They visited Radium and Saskatoon.

Mr. and Mrs. Bob MacDonald and Patrick accompanied by Mr. and Mrs. G. Krieger and family holidayed in Peace River and district. While there, they visited Bob's sister in Wanham.

Congratulations to the grade 12 students. Four students have averages over 75%. About 85% of the examinations written in Warburg received marks over 50%. Approximately 30 students will be graduating this year.

Sympathy of the community is extended to the Petruch family. Mr. Petruch Senior, passed away recently leaving his wife, children and their families as well as many friends to mourn his loss.

Miss Virginia Lehey, who is currently attending the Banff School of Fine Arts, sings folk songs at the "Squar Cellar" on Tuesday evenings in Banff.

Mr. and Mrs. Walter Arp have moved into Warburg. We wish them well in their new home.

Mr. and Mrs. Geo Elmore motored to Fort McMurray to visit their son and daughter-in-law, and their first grandchild. Don and Eileen Elmore named their first born Dale Emmerson.

A farewell was held for Rev. Fullerton and family who are leaving Warburg mission Convent Church to take up a parish at Norquay, Sask., about 50 miles from the Manitoba border. They will be leaving some time this week. Rev. and Mrs. Hallgent and daughter Dorothy will take up the duties at the Warburg parish sometime in September.

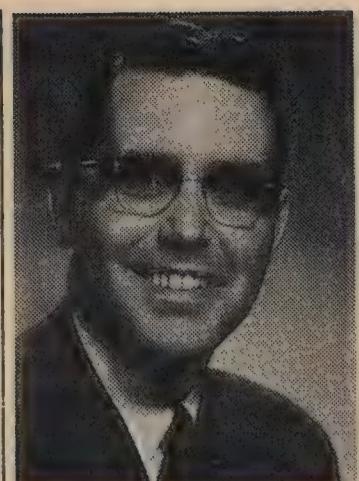

The Warburg cheese factory will not be closed at the end of August as was stated last week. It was announced there will be an extension until the middle of September.

An antique party was held on the farm of Garry Zelmer. Some 55 lanterns and lamps were lighted along with a large bonfire. Weiners were roasted and a nice lunch was served.

About 60 people were in attendance, some as far away as California. There was music and dancing and a good time was had by all. Many thanks to Garry Zelmer.

Roy Fuller attended a wedding at Busbee for his nephew, James Clair on the 10th of August, and he stayed with his niece Mrs. Hess. Roy said he had a wonderful time.

The correspondent wishes to announce that news is not coming in as well as it should. This is your town and district. You can help too, to make Warburg known to many more people. You have the right to use the space in the newspaper as does anyone else—so how about it Warburg, let's hear from you by calling 848-2568.

M. M. WILLIAMS

F. T. GALE

A. W. Howard, President of Calgary Power Ltd., announces the Company's appointment of Marshall M. Williams as Executive Vice-President, and Frederick T. Gale as a Vice-President.

It costs over 30 million dollars annually to maintain Canada's forest fire fighting forces.

An old-timer is one who had to suffer for his own sins instead of blaming them on his parents.

FROM THE BIG COUNTRY... Alberta

THE gun holds a place of honor in the pioneer traditions of Alberta. On the first homesteads the gun was ranked with the plow and the ax, and also with the stove, for which it provided so many important things to cook.

Guns required safe handling and accurate firing then. And even though few of us in Alberta now depend on the gun for food the pioneer gun rules are still valid, and are supported and promoted by the fish and game associations. There are 105 of these associations in the province with 18,000 members.

The associations believe firmly that good marksmanship promotes the conservation of wildlife, because an animal which is just wounded will crawl away and fall victim to predators thus being wasted. They also know that safe handling promotes the conservation of hunters, and that's mighty important too.

Shooting seasons now limited to certain weeks of the year, weren't in pioneer times, but the associations sponsor events and meets which preserve the traditions all year round and recreate the friendly rivalries of earlier days.

Accurate marksmanship is part of the Alberta tradition about guns. In pioneer times accuracy was important because people depended on it for food on the table. But there was another important reason — it took so long to load. Before cartridges and breech-loading rifles everything had to go down the barrel.

First the hunter would drop down some black powder, depending on how

much thrust he wanted to give his shot. Then he would take from his vest pocket a special rag, which he carried around and took good care of because rags were scarce. This went in on top of the powder. Then he dropped in the lead pellets. Then he would take a twist of prairie grass and poke that down with a rod. Only then was the hunter ready to lift up his head and look for something to shoot at, and if he missed — the prize would be far out of range before he could prepare another shot.

In those days before factory-made cartridges nimrods gave much time and thought (and argument) to their equipment. The mightiest hunters "rolled their own" shot. They would melt a block of lead and drop out the pellets with their own special hand motion to produce pellets of a desired shape and weight.

A man's shot was as individual as his fingerprints and could settle a dispute, of which there were bound to be plenty, over which hunter had bagged a partic-

ular bird. If Jim and Alf fired at the same time at the same duck the only way to decide ownership was to cook the duck and wage a dollar on the outcome. The contestants would eat with slow deliberation, chewing for evidence. Eventually one of the hunters would bite into a familiar pellet and his face would light up and he'd say "Pay me, Jim. This is my shot." And the evidence would be indisputable.

It was said of the pioneers that they had a wonderful sense of location in choosing their homesteads and a location all favored was one where their guns could be effective. They liked to be on a ridge, overlooking a small lake or slough where ducks came down. And if the ridge happened to be between two small lakes a mighty hunter could sit by his front door and bag all his Sunday dinners from among the ducks that skimmed low over the ridge hopping from one slough to the next.

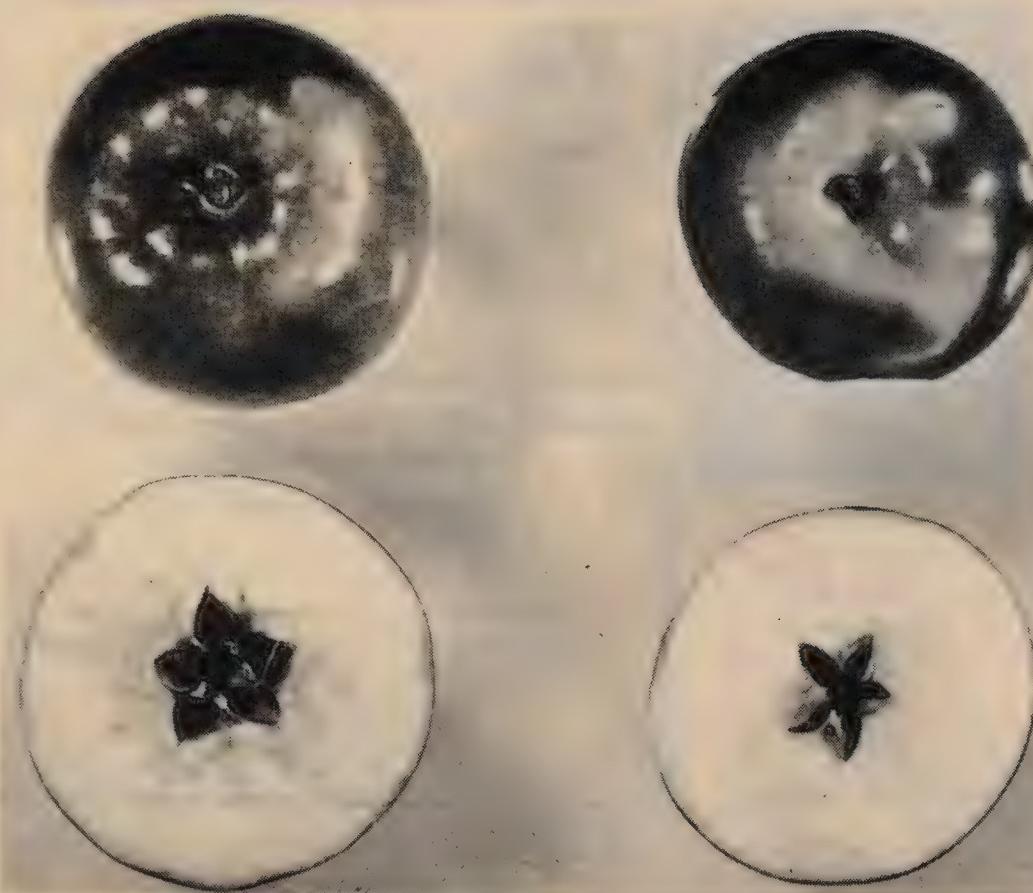

On things like this the gun tradition of Alberta is founded. The tradition is carried on through events like the Riflemen's Rodeo, sponsored by the Ponoka Fish and Game Association at the start of each season. The third annual Rodeo will be held September first and second. More than 300 hunters from Alberta and neighboring provinces and states compete in individual and team events, for men, women and juniors. They fire at simulated moving targets of big game. And Ponoka is an appropriate place to sponsor such an event. Ponoka is the Indian name for Black Elk.

At left is a McIntosh apple from regular cold storage with late season browning around the core and discolored skin caused by scald. Comparable fruit (right) from Controlled Atmosphere storage is free from disorders and presents a fresh appearance of skin and flesh. The use of controlled atmosphere (CA) storage has increased sharply in British Columbia in the past few years, says Dr. S. W. Porritt, a specialist in fruit storage with the Canada Department of Agriculture's Research Station in Summerland, B.C.

ROCKY RAPIDS NEWS

MRS. EILEEN BELVA
Correspondent

On Aug. 14 - 18, people were present to help Mr. Fred Louth celebrate his 93 birthday. We hope you have many more Mr. Louth.

Mr. and Mrs. Oliver Smith and Laurel from Red Deer visited with Oliver's parents Mr. and Mrs. Jim Smith and other relatives in the district last week.

Mr. and Mrs. Wilfred Townsend attended the wedding of Bertha's niece, Rosalee Bradley eldest daughter of Mr. and Mrs. Fred Bradley at Corbett Creek.

The Rocky Rapids Community League wish to thank everyone who attended the supper and dance on Aug. 23.

Congratulations to Mr. and Mrs. Johannesson and Mr. and Mrs. Orvil Symes on the birth of their sons.

A welcome is extended to Mr. and Mrs. Varigan who have purchased the Beddard home.

Mr. and Mrs. H. Roman-

chuk and family spent a few days holidaying at Jasper.

Mr. Maurice McCullagh conducted a meeting in the Rocky Rapids hall on August 21 for div. 2 or I.D. 77. There were 150 very interested people in attendance to view their opinions on annexation with Leduc or Stony Plain municipalities. A motion was passed and carried unanimously that I.D. 77 present a brief for a self governing municipality.

Congratulations are extended to Mr. and Mrs. Bill Disney (nee Chris Scherger) whose marriage took place Aug. 24.

Mr. and Mrs. McCullagh and Robbie motored to Prince Rupert, B.C. taking a ferry to Victoria to visit Mac's brother at Sooke. From there they motored down island, ferried to Vancouver to visit their daughter, Carol and family at Langley and on home through the Okanagan.

Registered Nurses to Assist Student Training

The Drayton Valley Chapter of the Alberta Association of Registered Nurses wishes to encourage students to enter and assist with a chosen vocation of becoming a professional nurse.

This is the first time this program has been started by the Drayton Valley Chapter and we wish those students who are interested in receiving some form of assistance to apply by letter.

In their reasons for seeking aid we would like to know their motivation for entering nurses training; financial need; whether or not they are receiving any loans, grants or scholarships; what their marks are, and what type of programme they are taking (2, 3, or 4 yr. course). We

wish to know what school of nursing they have been accepted by, date of entry and of course, name, age and address.

Please address your enquiries to Mrs. H. (Merle) Dahl, Pres. D.V. Chapter #33 A.A.R.N., Box 805 Drayton Valley, Alberta prior to Sept. 11, 1968. Your letters will be kept on file and careful consideration to all the reasons given by each applicant before any selection is made.

Your Better Business Bureau through reports endeavours to minimize Customer complaints by obtaining both side of the story. Check a firm's reputation Before you invest.

The Canadair CL-215, the first airplane in the world designed specifically for water bombing forest fires, has successfully picked up and dropped its maximum load of 12,000 pounds of water (12,000 Imp. Gals.) in recent water tests at Lac Simon, Quebec. Skimming across water at more than 70 miles per hour, the CL-215 scoops up its maximum load in 12 seconds. It is capable of dropping more than four times as much water over a fire as its nearest competitor in a typical day's operation. The airplane will be demonstrated to forestry people, representing every Province in Canada, at the Canadian Institute of Forestry annual meeting in Newfoundland in late September. Canadair has sold 20 of the amphibians to the Province of Quebec and 10 to the Government of France, with deliveries starting in February 1969.

TOWN VISITOR

Edwin Erickson, well-known in this area for his musical ability, was a Drayton Valley visitor last weekend. Edwin is now employed in a bakery in Tofield and is continuing his musical interests with a Scandinavian group known as "The Nordic Boys."

D. V. Highlights

BY MRS. EDITH DEBY

Friends of Mrs. Wollschlager will be sorry to hear that a nasty fall resulted in

a broken shoulder and hip for her. Mrs. Wollschlager makes her home in Otis, Kansas.

On August 8th Mrs. Douglas Barnes grandmother, Mrs. Margaret Watt, of Westlock, celebrated her one hundredth birthday. Of her ninety living descendants, seventy attended the birthday celebrations.

Mr. and Mrs. Ted Hutchinson will be moving to Edmonton at the end of the month. Mr. Hutchinson will continue his education at the Northern Alberta Institute of Technology.

The Women's Institute is very grateful to Mr. Smith, editor of the Western Review for printing the entire flower show prize list. Thank you, Mr. Smith.

This has been a wonderful summer for the Bert Telford family. The holiday season started with a re-union of Mrs. Telford's family in Drayton Valley when thirty three members were present including Mrs. Telford's mother. Three weeks spent at Christina and Woods Lakes were made most enjoyable with fine weather, good fishing and pleasant friends.

Open House

Everyone is cordially invited to attend an open house party for Mr. and Mrs. James Smith of Rocky Rapids on the occasion of their 50th wedding anniversary. To be held in the basement of the Church of God on Tuesday, September 3rd from 7:00 to 9:30 p.m.

CDA experts examine 6,780 animal carcasses suspected of rabies in 1967.

Additional Grazing Land Planned To Meet Ever-Increasing Demand

A CONTINUING PROGRAM of finding and providing more grazing land for the livestock industry of Alberta is maintained by the Department of Lands and Forests under a variety of arrangements. More than 4,300 grazing leases comprising 4.4 million acres of grazing land are currently in existence in just one aspect of the program. These leases vary in size from a quarter-section to one in excess of 100,000 acres. Over two thirds of the lease acreage is located south of Calgary. The leases run for periods of from five to twenty years.

Very few current leases cover tracts of land approaching the 30,000-acre figure. The few larger leases are on lands capable of supporting a relatively small number of animals per unit area. Since 1959, new leases and existing leases coming up for renewal and not held by grazing associations have been limited by regulation to the amount of land required to sustain 600 head of cattle.

The letting of Community Pastures is also the responsibility of the Lands Division. In Alberta at the present time 81 pastures occupying 820,000 acres have been leased to grazing associations with a combined membership of more than 1400 cattle-

men. These grazing leases are but one phase of the leasing activities of the Division. In another category, one-half million acres of public grazing land are allotted under annual permits.

A final category of grazing land administered by the Division takes in the thirteen reserves in Alberta. These reserves are blocks of land directly administered by the Division which develops and fences the land and hires the pasture managers who supervise the cattle brought to the reserves by 640 patrons. The reserves cover 225,000 acres of Alberta pasture but the demand continues to grow. To meet this increasing demand from Alberta's livestock industry, additional grazing reserves are either planned or being established.

These arrangements constitute some of the methods employed by the Lands Division to make more land available to Alberta stockmen. This land has been augmented by allotments within the forest reserves, which are under the administration of the Forestry Division. Roughly 300 permits have been issued in the southwest portion of the province and these allotments provide grazing for about 26,000 cattle and 400 horses.

Gelatine desserts are a meal time favorite the year 'round. Besides being quick and easy to make, the variations they offer are almost unlimited. They can be prepared using commercially flavored gelatin or unflavored gelatine to which fruit juices can be added.

The most common way of serving gelatine is dissolving in a clear liquid. This produces a shimmering clear gel with a smooth texture. If you wish to incorporate solids such as chunks of fruit or vegetable, chill the gelatine mixture until slightly thickened to prevent solids from rising to the top or sinking to the bottom. When gelatine mixture reaches the consistency of unbeaten egg white you can fold in cut-up drained fruit, vegetables, meat or other solids, whipped milk (evaporated or nonfat solids) or cream. Then chill.

For a whip, chill the gelatine mixture until it is of slightly thickened consistency, whip the gelatine with rotary or electric beater until it is light and fluffy, then chill until firm. For variety fold into the beaten gelatine, beaten egg whites, whipped cream or such ready beaten mixtures as mayonnaise and ice cream to make mousses and creamy molds. Or egg whites can be added together with the slightly thickened gelatine mixture and beaten together to make an especially frothy snow.

To unmold, run the tip of a knife around the edge of the gelatine. Dip the mold briefly into warm (not hot) water just to the level of the gelatine mixture. Rinse a serving plate in cold water (makes it easier to slide mold to centre of the plate), place plate on top of the mold, invert plate and slide gelatine into place in centre of plate.

For an extra fast set, first put the mold into the freezer for five minutes, or put bowl or pan of gelatine mixture into a container of ice and water and stir mixture for five minutes until it begins to thicken. Then chill in refrigerator. But note—if a gelatine is allowed to set slowly in a cool room it will have less tendency to "melt" when it stands at room temperature for a long period of time. If a "jelly" has been chilled very quickly using ice cubes and a very cold refrigerator it will tend to soften quickly when standing at room temperature. This is a good thing to keep in mind when preparing gelatine salads for afternoon banquets on a warm day.

Visitors Surprised By Town Growth

Visitors to Drayton Valley Tuesday were Dr. and Mrs. J. C. Ward, their daughter Mrs. Phyllis Higgins and children of Edmonton. They were pleasantly surprised with the growth of Drayton Valley since their last visit about ten years ago.

They were visitors at the John Wronko home and luncheon guests of Teddy Lee at the Drayton Valley Hotel Cafe.

ENTWISTLE NEWS

MRS. E. OLIVER,
Correspondent.

Mrs Zella Saretsky who has been ill recently is now home and feeling quite well. They expected to leave on the weekend to motor to Ft McMurray to see their son and to bring Irene home in readiness for school.

Mr. and Mrs. James Eccleston of Yellowknife N.W.T. spent an evening visiting the Olivers. Mrs Eccleston is Mr Oliver's sister. They left the next day for their home.

Mrs. Nina Riddell is sick in the Drayton Valley Hospital and it is hoped she will not have to stay there too long. We all wish to convey

our hope that she will soon be back amongst us.

Mr. and Mrs. Ed Nelson, Jacquie and Norine returned home from their holidays and reported a lovely holiday. Debby stayed in Calgary visiting her relatives there.

The Entwistle Elks are holding a bar-b-que and dance on Sept 7, in the Elks hall.

Mrs. Lizzie Moore from Calgary was visiting her brother Ed Conrad at the Poplars for a week.

Mrs. Edna Benjamin has left for Regina where she will join her son and two children and go by car to Ottawa. His wife and daughter Audrey Alexander and two children will help at the Poplar's during her absence.

An afternoon tea was held on August 20th for Mrs. J. Sorley and Elsie Seedhouse

two of their members who are bidding us farewell soon. A few games were played, gifts were presented and opened and thank yous given and the ladies served a lovely lunch. Twelve ladies were

present. I know these ladies will certainly be missed from their meetings.

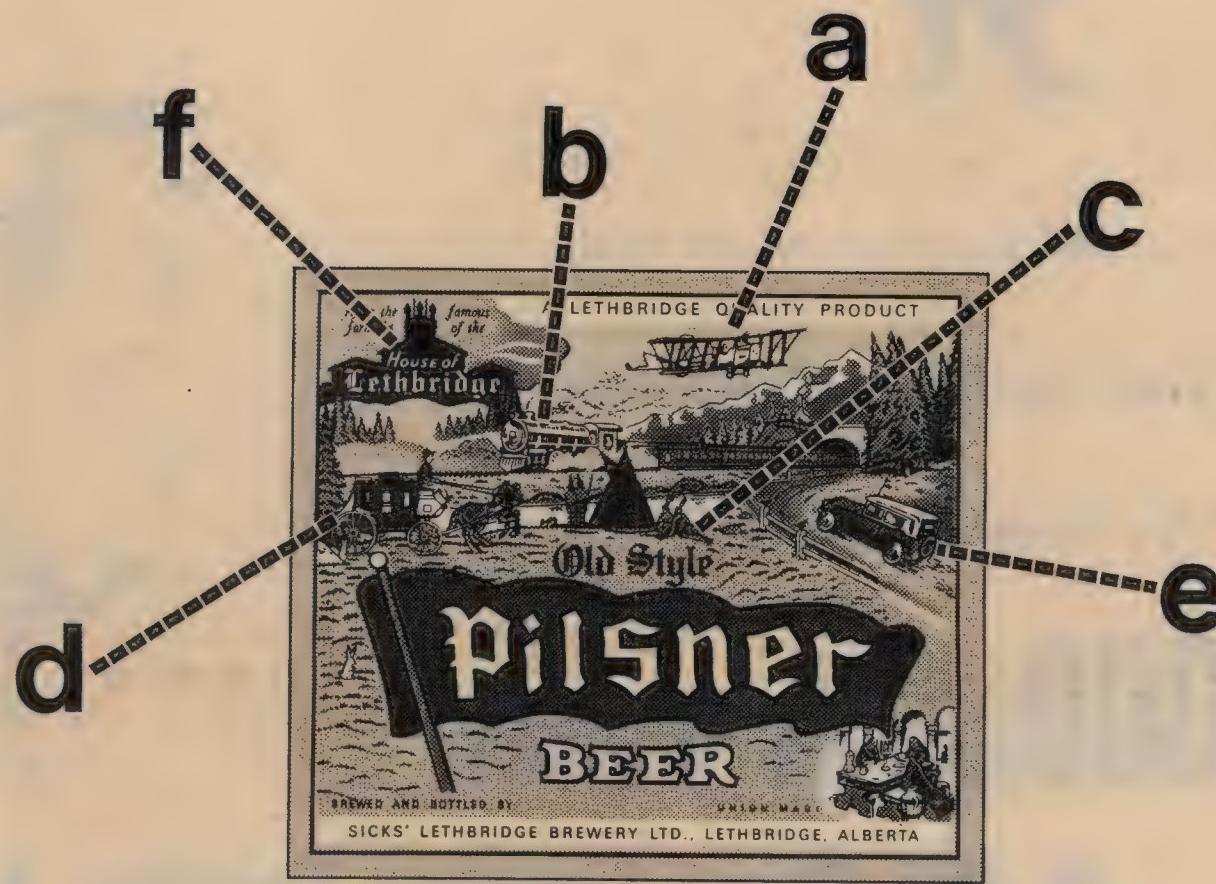

Mr. William Anderson spent a few days in an Edmonton Hospital and is expected home soon.

CANADIAN MEMORIAL CHIROPRACTIC COLLEGE

Bayview Ave., Toronto

Canada will have a new chiropractic training college by the fall of this year. The Canadian Memorial Chiropractic College is presently building on Bayview Avenue in Toronto, and expects to be open for autumn enrolment by September first.

LODGEPOLE NEWS

MRS. CHARLOTTE KAY, Correspondent.

Miss Shelley Moisey, daughter of Mr. and Mrs. Ed Moisey, who has been recently a patient in an Edmonton hospital is back home and convalescing favorably.

Mr. and Mrs. G Schmidt and their children Audrey, Toni, and Carol Ann have returned from a vacation at the coast. They stopped in Kelowna and were the guests of Mr. and Mrs. Curtis Harris and family.

Mr. and Mrs. Henry Elliott and family have been vacationing in B.C. and were also guests of Mr. and Mrs. C. Harris.

Mrs. Elsie Dvorsky of Brantford, Ont., is a guest of her niece Mrs. Hazel Bolianatz.

Mrs. K. Neuman of Edmonton is also a guest of her daughter and son-in-law, Mr. and Mrs. Bolianatz.

Mr. Bolianatz and Doug and Derek have been holidaying in Jasper.

Mrs. M. Hart of Canso, Nova Scotia has been the guest of her daughter and son-in-law, Mr. and Mrs. Elmer Kupsch.

Mr. W. Kupsch of Stony Plain, has also been a guest of his sister-in-law and brother, Mr. and Mrs. Elmer Kupsch.

Convention Held in Calgary

Among the throng of 7,775 persons filling the Calgary Stampede Corral Sunday August 18th were many residents of Drayton Valley. The scene was the "Good News For All Nations," District Convention, one of the eleven such assemblies arranged by the Watch Tower Bible and Tract Society for Jehovah's Witnesses throughout Canada.

Mr. Thomas B. Moss, presiding minister of the Drayton Valley Congregation of Jehovah's Witnesses reported on the huge success of the four day seminar. "Perhaps one way of measuring its effectiveness is by the size of the crowd packing out the auditorium. But numbers attending," he continued, "are not so important as the amount of valuable Bible instruction received by those present."

"Practical council on everyday life was offered from

the forty by twenty-five foot stage in the form of discourses, demonstrations and full-dress drama presentation, he stated. "Added to this was much fine instruction on improving the method of presenting the Good News."

CDA's General Services units inspect 10,000 retail food stores a year.

Kyanize

House Paint Primer

#885

RECOMMENDED FOR USE UNDER COLOR SPREE HOUSE PAINT

Kyanize House Paint Primer #885 features an oil-base, breather-type film and is strongly fortified with mildew resistant materials.

Gymkhana riders in action at the recent Sunday rally day.

MIGRATORY BIRD LIMITS SET

OTTAWA - Bag limits for ducks in the Prairie Provinces have been reduced, but limits are largely unchanged elsewhere, according to the 1968 Migratory Birds Regulations, released last week by the Canadian Wildlife Service, Department of Indian Affairs and Northern Development.

Daily bag limits on ducks in Manitoba, Saskatchewan and Alberta have been set at five, five and eight respectively. Limits last year were eight in all three provinces.

In addition, opening of the hunting season for ducks and other species has been delayed about one week in the Prairie Provinces.

Included within these limits is a mallard restriction of two per day in Manitoba, three per day in Saskatchewan and eastern Alberta, and four per day in western Alberta.

These reduced hunting opportunities reflect a shrinkage in pothole breeding areas to 60 per cent of last year's acreage because of dry autumn and spring and a mild winter which produced little run-off.
